One door below Crawford & Stier's store.

Front street, Pomeroy, Ohio. JUST RECEIVED from Cincinnati a large and well relected stock of READY MADE CLOTHING, which has never been surpressed in quality or price in this market. Being a practical Tailor, and having been carrying on the business for seven years in Pomeroy, I have selected my stock with a full knowledge of the wants of this market-looking to substantial goods and cheap

My stock consists of Dress, Frock and Saci Coats, Pantaloons, Vests, Shirts, Undershirts, Drawers, Furnishing Goods, Cravats, Caps, Trunks &c. Also, a superior article of Tailor's Shears and Points; an article kept nowhere else in Pome-

The undersigned does not feel it necessary to boast of the great variety and cheapness of his stock. He knows that an examination of his goods will tell more potently in their favor than all the 'high-faluting' words to be found in Walk-er and Webster, could say for them. He therefore leaves it for others, whose stock needs to be praised, to tell about the variety, goodness, cheapness of their goods. His goods speak for themselves, as all competent judges must decide. They are STRONG AND WELL MADE, and he

merely asks those wishing to Purchase Clothing Cheap, To call upon him before buying elsewhere, as is confident he can sell them more Fashionance and better Clothing at CHEAPER RATES than any other establishment in the county.

COUNTERFEITS. Wistar's Balsam of Wild Cherry. The Great Remedy for Consumption of the Lungs

Affections of the Liver, Asthma, Bronchitis Pains or Weakness of the Breast or Lungs, and other affections of the Pulmonary Organs.

"T WISTAR'S BALSAM OF WILD CHERRY is a fine herbal medicine, composed chiefly of Wild Cherry bark and the genuine Iceland Moss, (the latter imported expressly for this purpose,) the rare medical airtues of which are also combined by a new chemical process, with the extract of tar—thus rendering the whole compound the most certain and efficacious remedies discovered for

Consumption of the Lungs. INTERESTING CORRESPONDENCE.—Dr. William Y. Banks, of Xenia, Ohio, a highly respectable druggist in that delightful village, has informed us that the sale of Wistar's Balsam of Wild Cherry is unparalleled. The demand for it is so eager, that best selected stock we have ever had; and many very fine articles such as have not been kept in he can scarcely keep himself supplied with it.—
He has had in his store medicines for lung affect tions. Some of these were esteemed good, and some gave temporary relief. But since he has had Wistar's Balsam of Wild Oherry, a number of the most serious cases were completely cured by its use. "I never sold a medicine," said the Doctor, "in which I had the entire confidence that I have

What can prevent its sale, when on every hand can be wit-nessed its wonderful cures? Pleasant Ridge, Hamilton Co., O., ? September 27, 1850.

J. D. PATE—Dear Sir: I take the liberty of advising you of the benefit I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was prostrated by that terrible scourge Consumpto me; five of my family, my brothers and sisters, had died of Consumption. I was afflicted with nearly all the worst features of the disease; I had a distressing cough, and expectorated a great deal of blood, hectic feaer, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was under the care of a skilled physician, m the time I was taken sick until about six weeks since, being then about helpless, and my friends considering my case hopeless, of at least beyond the reach of my physician's skill, advised the use of Wistar's Balsam of Wild Cherry .-Without my knowledge, my father procured it, and commenced using it. I was able to be out and nopelest. Lefall poisonous Sarsaparilla prepara-ions alone and use Guysott's Improved Extract of tinue to do. I have taken four bottles of the medicine, and now consider myself well. I make this statement to induce others that are afflicted as I have been, to make trial of Wistar's Balsam The following is an extract of a letter dated of Wild Cherry, which remedy has, under the March 27, 1850, from E. B. Perkins, M. D., a high-blessing of Providence restored my health.

Messrs. Sanford & Park:—I take this opportuni ty of informing you of a most remarkal performed upon me by the use of Dr. Wistar's Balsam of Wild Cherry. In the year 1840 I was taken with the inflama-

tion of the bowels, which I labored under for six weeks, when I gradually recovered. In the Fall of 1841 I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines and every variety of aid with-benefit; and thus I wearied along until the winter of 1845, when I heard of Wistar's Balsam of Wild

My friends persuaded me to give it a fair trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations world. Through their solicitations, I was induced to make use of the genuine Wistar's Balsam of Wild Cherry. Tee effect was truly aston-

after having spent four or five hundred dollars no purpose, and the best and most respectable physicians had proved unavailing. I was soon restored to entire health by the blessing of God, and the use of Dr. Wistar's Balsam of Wild

May the blessings of God rest upon the proprie tors of so valuable a medicine as Wistar Balsas of Wild Cherry. Yours, respectfully, W. H. BAKER. The genuine Wistar's Balsam of Wild Cherry has a fac simile of the signature of Henry Wistar M. D. Philadelphia, and Sanford & Park. En-

graved wrapper. No other can be genuine. Sold by J. D. PARK, (successor to Sanford & Park,) Fourth and Walnut streets, Cincinnati, Ohio, General Agent for the South and West, to whom all orders must be addressed. It is also sold by the following persons:

A Derangement of the Servous System.

(1) In NERVOUS COMPLAINTS, Drugs and Medicins ingrease the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the anharmed patien and weakened sufferer is restored to former health, strength staticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives. onsists in the fact that they arrest and ours discount by our card application, in place of the usual mode of drugging and heicking the patient, till exhausted Nature sinks hopelessly inder the infliction.

They strengthen the mhole system, equalize the circulation of the blood, promote the secretions, and sever do the elighten injury under any circumstences. Since their introduction is the United States, only three years since, more than

75,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiar y subject to Nervous Complaints, have been ENTIRELY AND PERMANENTLY OURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELLY, suppose the case of a person afflicted with that base of civilization, DVSPETSIA, or any other Chronic or Nervous Disorder. Is ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the storageh, afford respectively relief, but which leave the patient in a lower state, and with in jured faculties, after the action thus excited has censed. New compare this with the offset resulting from the ambettion of jured faculties, after the action thus excited has ceased. New compare this with the offect resulting from the application of the GALVANIC BELT , ake a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEESIA are FERMANENTLY CURED. A FERMANENTLY CURED. A FERMANENTLY CURED.

For about them'y years 1 had been suffering from Dyaper in. Every year the symptoms become worse, nor could follow him pagement. For about twenty years I had been suffering from Dyapopia. Every year the symptoms become worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I become subject to a severe Circolor Menmatism, which for year after year, caused me indescribele unguish. Farther: in the winter of '45 and '45, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My nervous system seas new thorsus/hy prestrated, and as my Bronchitis became worse, eo also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other except the medium of the Nervous system. In the whole pharmacoposis there seemed to be no remedial agent which could reach and recuperate my Nervous System; every hing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your investions, and (though with no very sanguine hopes of their unitsioncy) I determined to try the effect of the application of the GAL-WANIC BELIT AND NECKLACE, with the MAGNETIC FLUID.
